Work History

2018-01 - 2022-01

Front-End Developer

Netop Business System LTD, Lagos

- Worked with the team of developer that built KAPSUUL application for pharmaceutical sector in Nigeria using React- Redux, PostgreSQL, Typescript, Node. I handled the Event, Individual and Corporate sign up, Contact, and Group module of the application. Kapsuul Application is on the Google play store.

- Upgraded look and feel of company's Legacy application used by over 4 Banks like, Zenith Bank, Union Bank, Polaris Bank and Titan Trust Bank using CSS and Bootstrap 4

- Contributed majorly in front end and User-Experience of multimillion naira supply chain Application from development to production using Angularjs, C#, MSSQL, Version Control

- Deployed software Application on Virtual machine for Polaris Banks, Zenith Bank, Titian Trust bank and trained their staffs on how to use the application.

- Years after deploying application on Bank's on premises Data center, I then migrated it to Cloud.
